Bridging talent with exceptional opportunities
in Life Sciences!"*

RESEARCH & DEVELOPMENT

SERVICES

- * Product Development
- * Method Validation
- * Method Qualification
- * Analytical Development
- * Process Development
- * Formulation
- * Design Specification & Analysis
- * mRNA
- * AI Model Development
- * AI Product Development
- * AI Device Modifications
- * Total Product Lifecycle Regulatory Approach (TPLC)

-CLINICAL AFFAIRS-

SERVICES

- | | |
|-----------------------|-------------------------|
| * Biometrics | * Bioinformatics |
| * CER Writing | * Biocompatibility |
| * Medical Writing | * Toxicology |
| * Clinical Operations | * Clinical Trials Stage |
| * Medical Affairs | * Medical Monitoring |

MANUFACTURING

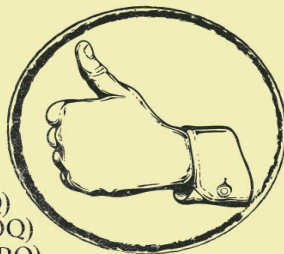

SERVICES

- * PRODUCT ASSEMBLY
- * PACKAGING & LABELING
- * AUTOMATION
- * STERILIZATION & PURIFICATION
- * TECHNOLOGY & PROCESS TRANSFER
- * MEDICAL DEVICE MANUFACTURER (MDM)
- * PROCESS DEVELOPMENT & OPTIMIZATION
- * HEALTH CARE DELIVERY ORGANIZATION (HDO)

VALIDATION

SERVICES

- * Standard Operating Procedures (SOPs)
- * Master Validation Plans (MVPs)
- * Design Qualification (DQ)
- * Installation Qualification (IQ)
- * Operational Qualification (OQ)
- * Performance Qualification (PQ)
- * Validation Engineering Documentation Development and Execution
- * Facilities, Utilities, Equipment, Process, Automation, Test Method, Analytical Method, Laboratory, Computerized System, Software & IT Validation
- * Cleaning & Sterilization, Packaging & Labeling
- * Clinical Evaluation
- * Valid Clinical Association
- * Analytical Validation
- * Clinical Validation

REGULATORY AFFAIRS

SERVICES

- * Premarket Approvals (PMAs)
- * Investigational Device Exemptions (IDEs)
 - * Investigational New Drug Applications (IND)
- * Biological License Applications (BLAs)
 - * New Drug Applications (NDAs)
- * Chemistry Manufacturing & Controls Submission (CMC)
 - * 510 (k), 513 (g) Submissions
 - * Adverse Event Reports (AERs)
- * European Medical Device Regulations (MDR)
 - * In Vitro Diagnostic Medical Device Regulations (IVDR)
- * Clinical Evaluation Reports (CERs)
 - * Inspection Readiness
 - * Software Description
 - * Device Hazard Analysis
 - * Software Description
 - * Device Hazard Analysis
- * Software Requirements Specification (SRS)
 - * Architecture Design Chart
- * Software Design Specification (SDS)
 - * Traceability Analysis
 - * Environment Description
- * Verification and Validation Documentation
 - * Software as a Medical Device (SaMD)
 - * Medical Mobile Application (MMA)
 - * Data Selection and Management
- * Premarket Assurance of Safety and Effectiveness
- * RealWorld Performance Monitoring
 - * SaMD Pre - Specifications (SPS)
- * Algorithm Change Protocol (ACP)
- * Q - Submission / Pre-Submission
- * Breakthrough Device Designation
 - * De Novo Submission

.QUALITY.

SERVICES

- # Quality Assurance, Quality Control & Quality System
- # Quality Remediation, Gap Assessment & Quality Investigations
 - # Risk Management
- # Post - Market Surveillance
 - # Design Control
- # Process Development & Engineering
 - # Internal & External Auditing
- # Compliance Engineering (US / International)
 - # CAPA Audits

Why Clients Should Use Cloud Staffing Professionals:

- **Veteran-Owned Business:** A Veteran Owned Small Business, supported by a Senior Staff that has many years of experience at finding the right talent for the job.
- **Specialization:** Focused on placing high-end professionals in critical roles across Validation, Quality, Clinical, Automation, and Regulatory.
- **Exclusive Talent Pool:** Access to a database of over 10,000 vetted consultants, many referred by satisfied professionals.
- **Rigorous Vetting Process:** Consultants are thoroughly vetted by expert recruiters, ensuring quality and reliability.
- **Priority on Quality:** Consultants are committed to your project, with all references thoroughly checked.
- **Industry Expertise:** Specializes in Life Sciences (medical device, pharmaceutical, biotechnology industries).
- **Tailored Solutions:** Provides customized staffing solutions for unique challenges in quality assurance, regulatory compliance, and clinical trials.
- **Proven Track Record:** Consultants bring deep industry knowledge and a commitment to delivering results.
- **Trusted Partner:** Known for unmatched expertise and dedication to excellence in talent acquisition.
